

Year 4 writing performance by school locality

Figure CWF4.7

Year 4 Writing performance by school locality

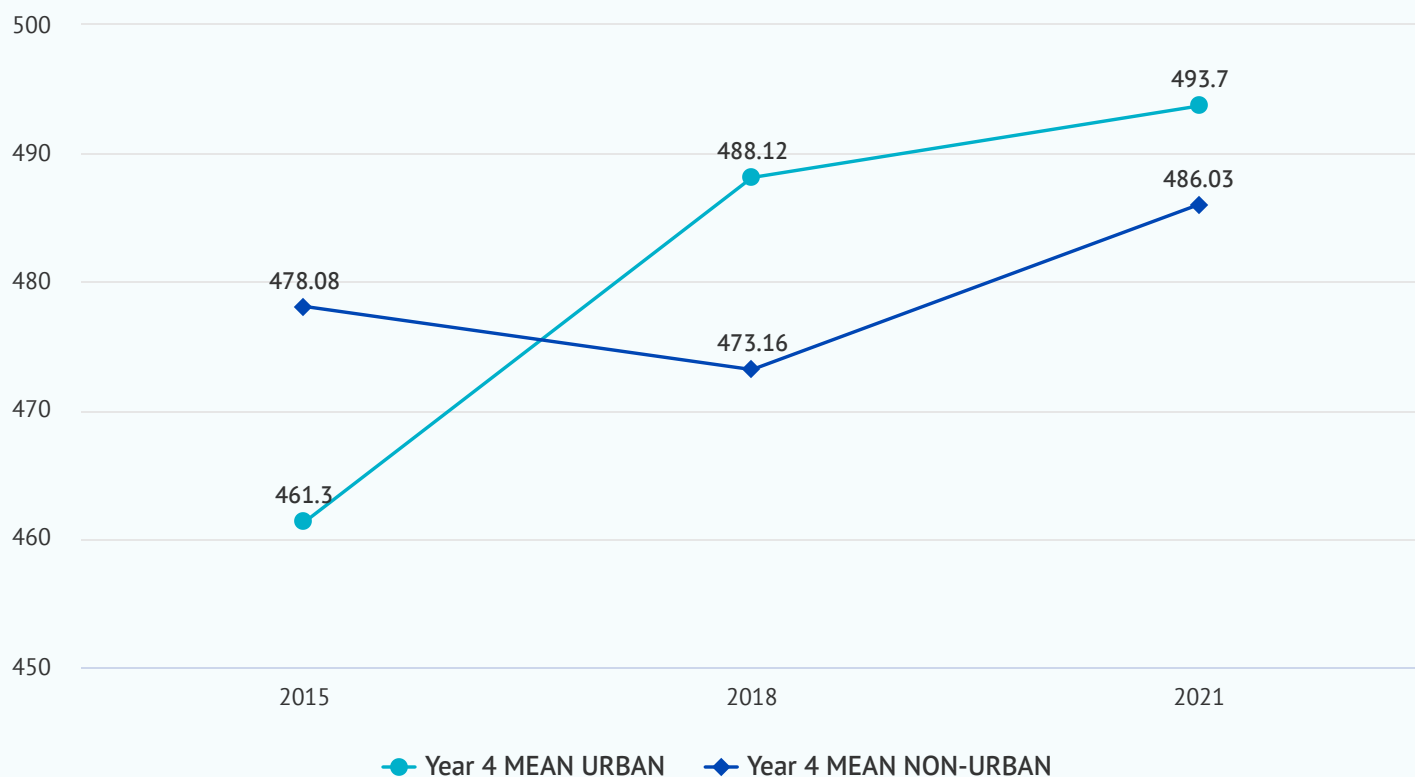

Year	Year 4 MEAN URBAN	Year 4 MEAN NON-URBAN
2021	493.7	486.03

Average writing scores for year 4 students by school locality, Cook Is, PILNA 2021

Nearly 80% of year four students are enrolled in schools in urban areas. Figure CWF4.7 shows the average performance of these students by school locality. On average, the year four students in urban schools achieved slightly higher scores in writing than did the students in non-urban schools. This is consistent with the 2018 PILNA cycle, but differs from the 2015 PILNA cycle, when non-urban schools achieved slightly higher scores. Overall, both urban and non-urban schools have seen continued improvement of writing scores since 2015 as shown in Figure CWF4.8.

Figure CWF4.8

Year 4 Writing performance by school locality over time

Year	Year 4 MEAN URBAN	Year 4 MEAN NON-URBAN
2015	461.3	478.08
2018	488.12	473.16
2021	493.7	486.03
