

## Grade 5 performance by school authority

Figure CRF5.5

### Grade 5 Reading mean performance by school authority

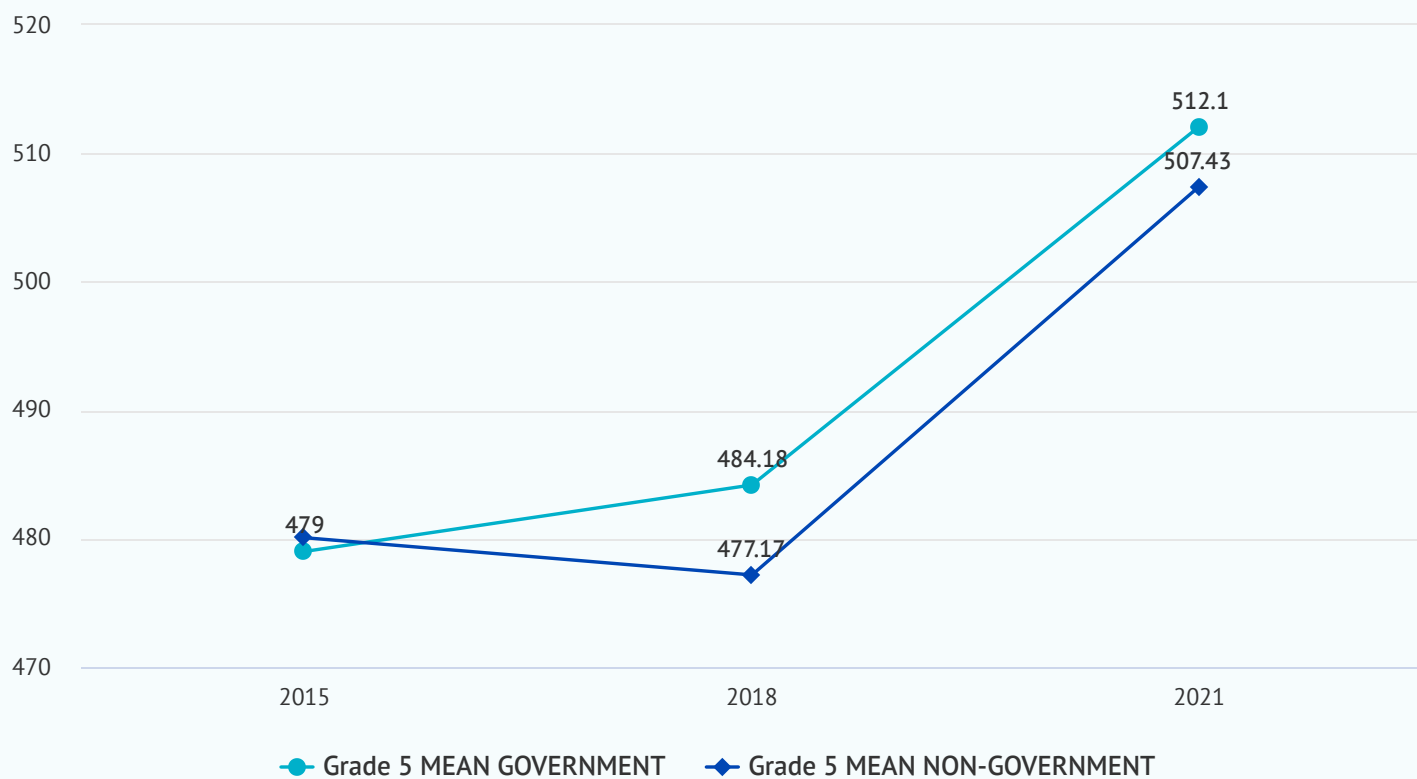

Year	Grade 5 MEAN GOVERNMENT	Grade 5 MEAN NON-GOVERNMENT
2021	512.1	507.43

Mean performance of Grade 5 students in reading by school authority, PNG, PILNA 2021.

Roughly equal numbers of grade five students are enrolled in government (46%) and non-government (54%) schools. Figure CRF5.5 shows the average reading performance of grade five students by school authority. Students in non-government schools and students in government schools showed comparable performance in the overall reading domain. Figure CRF5.6, shows that the performance in reading of grade five students in both government and non-government schools was comparable in the 2015 and 2018 PILNA cycles as well.

Figure CRF5.6

### Grade 5 Reading performance by authority over time

Year	Grade 5 MEAN GOVERNMENT	Grade 5 MEAN NON-GOVERNMENT
2015	479	480.07
2018	484.18	477.17
2021	512.1	507.43

Mean performance of Grade 5 students in reading by school authority over time, PNG, PILNA 2015, 2018 and 2021.
