

Year 4 reading performance

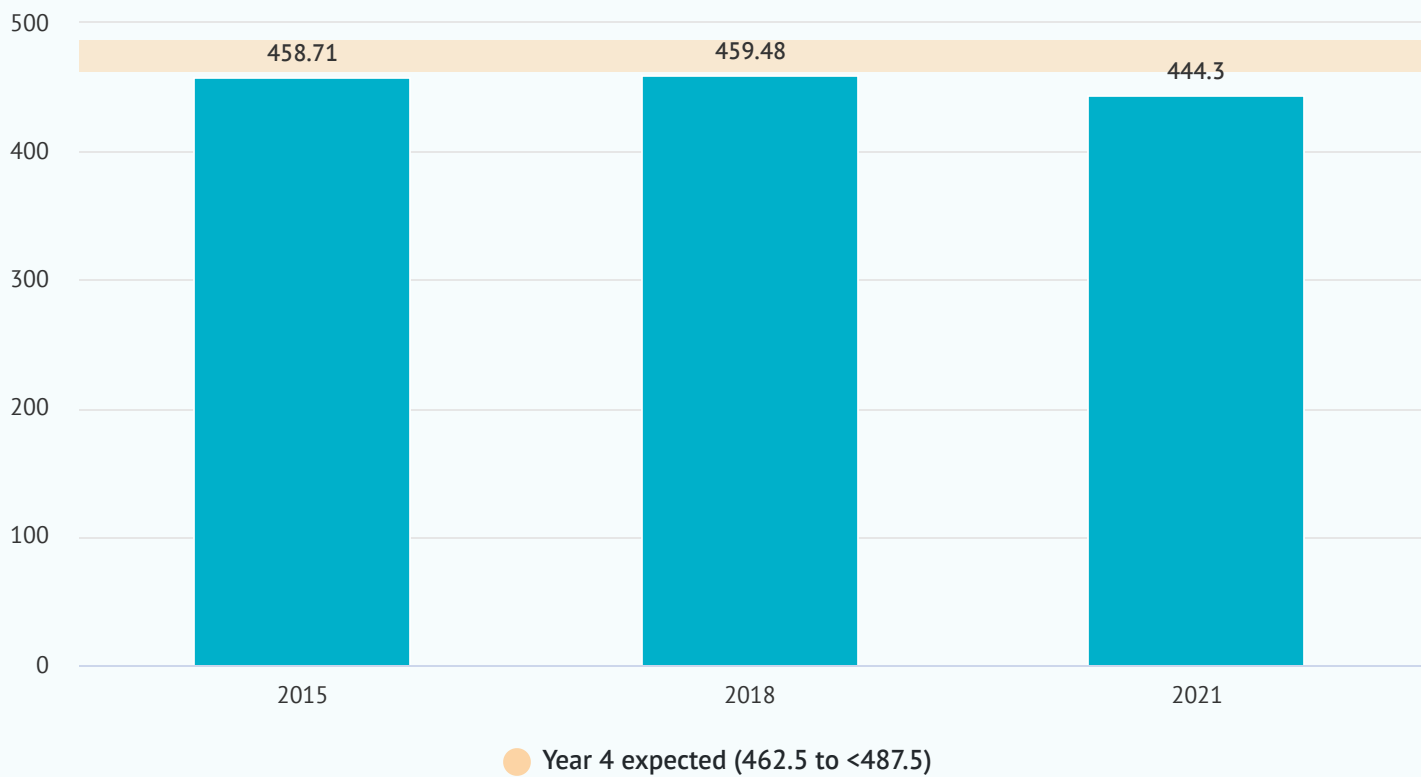

The average reading performance of the 20,738 year four students in PILNA 2021 was 444.30 (SD = 82.66).

Figure RRF4.1 shows the average reading scores for this group and for year four students in previous PILNA cycles. The scores for year four students in 2021 were slightly lower than in 2018, but not by much.

Overall, the average reading scores for year four students in 2015, 2018 and 2021 were similar. The standard deviation for the average reading scores in 2021 was slightly higher than in 2015, and similar to that in 2018. This means that the spread of year four overall reading scores was wider in 2021 than in 2015 but similar to the 2018 spread.

Figure RRF4.1

Year 4 Reading performance over time

Year	Year 4
2015	458.71
2018	459.48
2021	444.3

Mean performance of Year 4 students 2015, 2018, 2021
